

Flip Flops 4 Feet Protection

Please support Girl Scout Troop #243 help the people of El Salvador!!!

My name is Alexis Dunne. I am in Girl Scout Troop #243. I am collecting Flip Flops for the people of El Salvador for my bronze project. A bronze project is a community project to help others. It is the highest honor that a 5th grade junior girl scout can earn. The people of El Salvador have been affected by war, natural disasters and government problems for many years. Many people are very poor and could use our help. My goal is to collect 500 pairs of new or gently used flip flops by asking families at St. Anne Catholic School, friends at girl scouts and our partnering boy scout troop to donate. Two of my friends in Troop #243 are also collecting tooth brushes and sun glasses for the people of El Salvador. Please help by bringing in flips flops, tooth brushes and sun glasses. Drop them off in the St. Anne School Office. I will be collecting these items until March of 2010. I have made a drop box to place them in. Thank you for your compassion in helping others.
